Keypad Deadbolts

BE365 Keypad Deadbolt with Turn-Lock Feature

Professional Grade Security For the Home

Schlage Keypad Deadbolts bring professional grade security with the convenience of keyless access to the home. The innovative Turn-Lock feature allows the user to lock and leave without a key. Ideal for front, back and side entry doors where deadbolts are required.

Exterior   Interior

Style shown: Camelot Satin Nickel

Security and Quality

- Grade 2 ANSI/BHMA certified
- Patented commercial grade clutching motor drive; tested to one million cycles
- Vandal resistant free-spinning deadbolt turn
- Code control; 6-digit programming code required to add and delete user codes
- Warning sounds after four incorrect codes entered; keypad disabled for 30 seconds
- Mechanical key override; patent pending

Convenience

- Convenient keyless access; no keys to hide, lose or forget
- Pre-set with random 6-digit programming code and two random 4-digit user codes
- 19 user code capacity; 10,000 user code combinations
- Easily programmed right at the keypad; no need to remove inside escutcheon
- Blue LEDs illuminate the keypad on demand
- Locks can be re-keyed to match existing locks
- 9-volt alkaline battery included

Easy to Install and Operate

- **Fits most standard door preps**; no need to drill additional holes

- **One-tool installation**; use just a screwdriver on pre-prepped doors
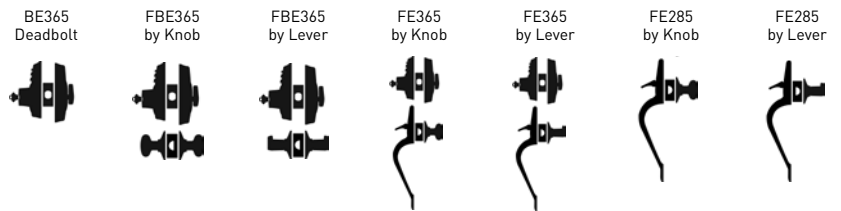

- **9-volt battery operation**; no special wiring required

BE365 Keypad Deadbolt
